Finally, The Vote of thanks was given by Secretary of association Ms.S.Salini, IV/CSE. Around 380 CSE students participated in this programme and got benefited.

The Department of Electrical and Electronics Engineering Association with Institution's Innovation Council has clubed and organized the Association Inauguration - "SPARTANZ - 2K24" and an Guest Lecture on "REVOLUTIONIZING ENERGY - THE ROLE OF ELECTRICAL ENGINEER'S" on 25.09.2024. The inauguration began with a Welcome Address by Final year student Mr.M.Raja. Our Principal Dr. J.Sundararajan presided over the function. Chief Guest Introduction given by Selvi S. S. Nandhini, IV/EEE. Association Office Bearers were introduced by Prof. G. Sowmya AP/EEE for the academic year of 2024 - 2025. Mr K. Niveshkumar, Technical Lead Engineer (Innovate Engineering Products) was the Chief Guest and he delivered the Inaugural Address and continued with the an Guest Lecture on " Revolutionizing Energy - Role of Electrical Engineers". Finally, The Vote of thanks was given by President of association Mr.N.Ranjith, IV/EEE. Around 175 students participated in this programme and got benefited.

# Association Inauguration

The Department of Mechanical Engineering in association with Institution's Innovation Council has jointly organized the Association Inauguration - "ARM 2K24" and Guest Lecture on "Opportunities and Futuristic Values for Mechanical Engineers " on 20.09.2024. The inauguration began with a Welcome Address by Dr. R. Viswanathan, Vice Principal. Our Principal Dr. J.Sundararajan presided over the function. Association Office Bearers introduced by the Association Incharge Prof.D. Govindarasan for the academic year 2024 - 2025. Mr. SR. Saravanan, ME, FIE, Senior Manager, Salem Steel Plant, Salem, was the Chief Guest and he delivered the Inaugural Address and continued with the guest lecture on "Opportunities and Futuristic Values for Mechanical Engineers. Finally, The Vote of thanks was given by President of association T. Jeeva, IV/Mech. Around 200 Mechanical students participated in this programme and got benefited

## Skills Training

To make our students become Industry ready, we start skills training right from First Year of study onwards for all our students. Centre for Competency Development (CCD) has begun the training schedule for First Year Students with a 6-Day Skills Training Programme starting from 24.09.24 to 01.10.24. Today (24/09/24) was the first day of this training on skills in Advanced Robotics, Basic Electronics, PLC, Python Programming and Networking. 150+ First Years Students are undergoing this training.
